## Welcome Back!

Parent(s)/Guardians:

Welcome to a new school year of learning and fun. I hope your child has a happy and productive year. The best learning environment involves a close alliance between home and school. This can be established through mutual support and frequent communication.

As a teacher, I have high expectations for all of my students. I always encourage my students to do their best and nothing less. I believe that every child is special, unique and has a variety of strengths and weaknesses. I will provide open-ended activities, which allow each student to work up to his or her potential. I believe that this year will prove to be a challenging and exciting year for your child.

### Needed Supplies

Students will not be allowed to share supplies this year. Please make sure that your child has the following in a pencil case/pencil box:
